

SFB 958: Interdisciplinary Lecture Series

Lise-Meitner-Hörsaal | Hahn-Meitner-Bau | 2. Stock | Thielallee 63 | Berlin-Dahlem

Montag, 26.3.12

9Uhr-11Uhr

Prof. Knaus: "Signaling initiated from transmembrane kinase receptors"

11Uhr-13Uhr

Dr. Loll: "Structure and function of membrane-organizing proteins and protein assemblies"

Mittagspause (Buffet)

14Uhr-16Uhr

Dr. Daumke: "Structure, function and mechanisms in the dynamin family"

Dienstag, 27.3.12

9Uhr-11Uhr

Prof. Krauß: "Role of the septin-cytoskeleton during membrane traffic"

11Uhr-13Uhr

Prof. C. Birchmeier: "Mechanisms of cell fusion"

Mittagspause (Buffet)

14Uhr-16Uhr

Prof. Haucke: "Molecular cell biology of membrane traffic"
